

La messagerie sature : Faire le ménage avec webmail

Le lien vers le webmail des étudiants <https://webmail-etu.univ-nantes.fr/>

Le lien vers le webmail des personnels <https://webmail.univ-nantes.fr/>

Pour afficher en haut les messages les plus volumineux

- Cliquer sur le bouton “options” (pastille 1 de la capture d'écran)
- Dans la “Colonne de tri” (pastille 2), cocher “Taille” (pastille 3)

The screenshot shows the webmail interface for an student account. The left sidebar includes links for Rédiger, Courriel, Contacts, and Paramètres. The main area shows the inbox with several messages listed. A search bar and a toolbar with Selectionner, Fils, Options, and Actualiser buttons are at the top. A 'Répondre' and 'Répondre à ...' button are on the right. A 'Boîte de réception' link is in the sidebar. A 'Mode somb...' link is at the bottom of the sidebar. A 'Tous vos webservice... webmail' tab and a 'Webmail Etudiants :: Boîte de re...' tab are open in the browser. A 'https://webmail-etu.univ-nantes.fr/?_task=mail&_mbox=INBOX' URL is in the address bar. A 'Recherche...' input field is present. A 'Options de liste' dialog box is open, with step 1 pointing to the 'Options' button in the toolbar, step 2 pointing to the 'Colonne de tri' dropdown, and step 3 pointing to the 'Taille' checkbox in the 'Ordre de tri' section.

This screenshot shows the same webmail interface after applying the changes. The 'Ordre de tri' dropdown in the 'Options de liste' dialog is set to 'descendant'. The inbox list now shows messages sorted by size, with the largest message at the top. Red arrows point from the 'descendant' setting in the dialog to the sorted list in the inbox. The rest of the interface is identical to the first screenshot.

- Dans “Ordre de tri” (pastille 1), choisir “Descendant” (pastille 2)
